## PERSONAL INFO

I have been actively learning web development for two years, mastering HTML, CSS, JavaScript, and modern frameworks. I approach each project with enthusiasm, aiming to create user-friendly, functional, and aesthetically pleasing web solutions.

My passion for web development and my drive for excellence help me to build modern and efficient websites that meet the highest standards.

## KEY ABILITIES

### Hard skills:

- Programing languages: **JavaScript**
- Libraries and frameworks: **React.js, jQuery, Express.js**
- Server-side runtime: **Node.js**
